Epic 1: Invoice Automation

Automate invoice review process

Feature: Tolerance Thresholds

Story 1: As a billing manager, I want configurable thresholds, so that small variances auto-approve

Priority: High | Story Points: 5 | Labels: eBilling

Allow setting percent tolerance per matter type

Acceptance Criteria:

- 1. Given a 5 percent threshold, When invoice is within 5 percent, Then it auto-approves

Tasks:

- * Add tolerance_pct column
- * Create Groovy validator
